

Capio QUICK-START GUIDE

1. Unpack

Your Capio is typically shipped with the following items:

- A keyboard
- A mouse
- A power cable
- A stand for stabilizing your Capio in a vertical orientation (attached).
- This Quick-Start Guide

2. Setup

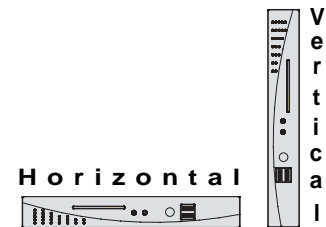

Your Capio can be setup in either a horizontal or vertical orientation.

If you are using your Capio in a horizontal orientation:

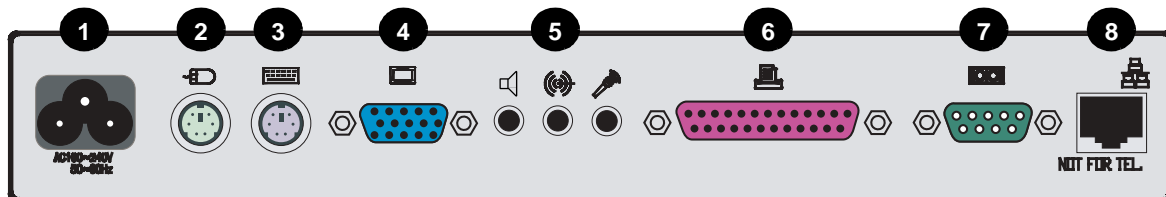

- The USB ports should be on the right-hand side of the appliance.
- The appliance can be used to support your monitor.
- Apply the clear rubber feet to the bottom of the appliance chassis.

If you are using your Capio in a vertical orientation:

- The USB ports should be closer to the bottom of the appliance.
- The stand should be connected to the appliance.

3. Connections

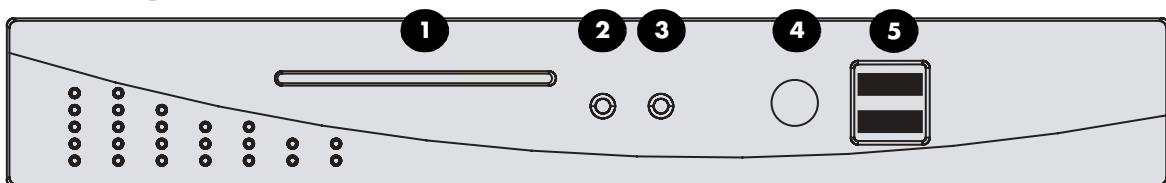

1. Power Cord
2. Mouse PS/2
3. Keyboard PS/2

4. Video Port
5. Audio Line Out, Line In, Mic.
6. Parallel Port

7. Serial Port
8. 10/100 BaseT Ethernet Port

Connect the supplied power cord, mouse, and keyboard to the ports labeled 1, 2, and 3 respectively. Connect your monitor's cable to the Video port (4).

4. Power Up

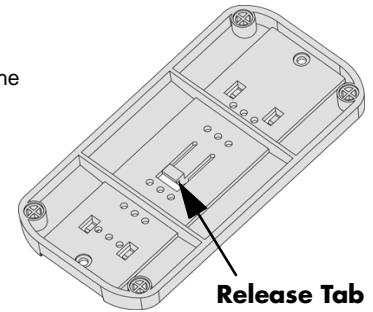

1. Smart Card slot (reader optional)
2. Power Indicator
3. Network Activity Indicator
4. On / Off Button
5. USB Ports

In order to turn on your Capio, push in the circular on/off button on its front panel. To turn off your Capio, push the on/off button again.

5. Removing the stand

If you would like to use your Capio in a horizontal orientation you can remove the stand from the appliance.

- Unplug the appliance and disconnect any cables attached to the ports on the rear of the appliance.
- Turn the appliance upside down.
- Lift the release tab in the center of the stand.
- With the release tab lifted, push the stand towards the rear of the appliance until it can go no further.
- Lift the stand away from the appliance and store it for future use.

6. More Information

For detailed information on configuring your appliance and creating connections to servers, please consult our online documentation which can be downloaded at:

FCC regulatory and safety information

Regulatory information Federal Communications Commission (FCC) (USA only)

Federal Communications Commission Radio Frequency Interference Statement

WARNING: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one or more of the following measures:

- reorient or relocate the receiving antenna.
- increase the separation between the equipment and the receiver.
- connect the equipment into an outlet that is on a circuit different from the receiver.
- consult the dealer or an experienced radio/TV technician for help.

Neoware's system RFI and Radiated Immunity tests were conducted with Neoware-supported peripheral devices and Neoware-shielded cables, such as those you receive with your system. Changes or modifications not expressly approved by Neoware could void the user's authority to operate the equipment. To comply with the limits for an FCC Class B computing device, always use shielded signal cables and the power cord supplied with this unit.

CANADA ICES/NMB-003 Class/Classe (B)

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Neoware Hardware Warranty

Neoware Systems, Inc. ("Neoware") warrants each Neoware supplied Base unit, Keyboard, Mouse & External components hardware product to be free of material hardware defects for a period of 12 months, beginning on the date of shipment to the original customer, and will, at Neoware's option, repair or replace, during Neoware's normal working hours, any such defect according to the terms of this hardware warranty (the "Standard Limited Warranty"). Neoware's liability under this warranty shall be limited to such repair or replacement.

Monitors sold by Neoware are not warranted by Neoware, but may be covered by a warranty by and through the manufacturer of the monitors.

At the time of sale customers may elect to purchase an extended warranty of two years for the Neoware Base Unit (the "Extended Warranty"). The Extended Warranty does not cover keyboards, mice, software, and any external components.

Under the Standard Limited or Extended Warranty, Neoware will, at Neoware's option, repair or replace, during Neoware's normal working hours, any defective hardware or hardware components. Neoware will not ship replacement equipment until the defective hardware or hardware component is received (freight prepaid by customer) at the Neoware factory or service depot, unless Neoware agrees in writing to do otherwise. Neoware, at its option, may ship the replacement hardware product prior to its receipt of the defective hardware product. The model and serial number of the defective hardware product must be furnished by the customer at the time of request for service pursuant to the Standard Limited or Extended Warranties. A return authorization number must be obtained from the Neoware service department prior to returning the hardware to the factory.

The Standard Limited Warranty and the Extended Warranty shall be invalid if, in Neoware's sole judgment, the hardware product or component has been subjected to misuse, abuse, neglect, accident, acts of God, external electrical fault, power surges or failure, damage occurred in shipment, or from improper service or modification by anyone other than a Neoware-authorized service center. The Standard Limited or Extended Warranty shall also be invalid if the hardware product's serial number has been removed, defaced or altered in any way. The Extended Warranty does not cover other manufacturers' computer hardware, components, accessories or expansion items unless authorized in writing by Neoware.

The sole and exclusive remedy, under Standard Limited Warranty and the Extended Warranty, shall be the repair or replacement of defective parts as provided above.

The procedure for obtaining service may vary outside the Continental United States. Persons not located within the Continental United States desiring warranty service must contact Neoware for such warranty service information.

The Standard Limited Warranty and the Extended Warranty give a purchaser of such warranty specific legal rights and such purchaser may have other rights that vary from state to state.

UNDER NO CIRCUMSTANCES SHALL NEOWARE BE LIABLE, UNDER ANY LEGAL THEORY, TORT, CONTRACT OR OTHERWISE, IN ANY WAY FOR DAMAGES, INCLUDING BUT NOT LIMITED TO, ANY LOSS OR INACCURACY OF DATA, BUSINESS OR PROFITS, OR ANY OTHER DIRECT OR INDIRECT SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES ARISING FROM THE USE OF THE PRODUCT COVERED BY THE STANDARD LIMITED WARRANTY OR ANY EXTENDED WARRANTY. IN NO EVENT WILL NEOWARE BE LIABLE TO ANY PARTY FOR ANY DAMAGES IN EXCESS OF THE AMOUNT SUCH PARTY PAID TO NEOWARE FOR THE PURCHASE OF THE HARDWARE PRODUCT, EVEN IF NEOWARE SHALL HAVE BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY OTHER PARTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages. Accordingly, the above exclusion may not apply to you.

There are no express warranties other than those on the face hereof and described above. Except for the foregoing warranties, Neoware does not warrant the merchantability or fitness for a particular purpose of the products or performance or non-infringement thereof, and does not make any warranty, express or implied, with respect to the products or anything else. Neoware has not authorized anyone to make any representation or warranty other than as provided above.

To see if you are eligible for one additional year on your Capio hardware warranty, and for all product documentation and guides, simply visit <http://www.neoware.com/warrantyupgrade/>
